

EAN:	4013288236029	Size:	155x65x35 mm
Part number:	05135823001	Weight:	145 g
Article number:	838 RA S/4 Christmas 2025	Country of origin:	CZ
		Customs tariff number:	82079030

- Extremely small bitholding screwdriver for bits with 1/4" external hexagon drive
- Ratchet mechanism integrated in the handle
- The integrated ratchet with fine toothing ensures fast and safe working
- High working speed: The ratchet mechanism allows to "spin" when screwdriving
- Ergonomic intuitive switching to clockwise/counterclockwise or position 0
- Strong permanent magnet in the bit mounting holds the bits firmly
- Universal holder for the take-up of bits with 1/4" hexagon head drive
- Bits with BiTorsion zone to cushion load peaks

Tool set in advertising-free, Christmassy gift packaging. The perfect gift for anyone who values quality tools.

Extremely small bitholding screwdriver with intuitive ratchet functionality. The ratchet mechanism with fine toothing integrated in the handle (36 teeth/angle 10°) eases and accelerates screwdriving without having to reposition the tool. "Spinning" the tool speeds up work. The ratchet mechanism completely embedded in the handle ensures very handy and effortless work. Ergonomic switching to clockwise/counterclockwise or position 0. Kraftform Plus handle for ergonomic screwdriving, avoiding blisters and calluses. Magnetic bitholding screwdriver for bits with 1/4" external hexagon drive. 4 BiTorsion (BTZ) bits (Phillips and TORX®) for universal use. The BiTorsion zone cushions peak loads and ensures a long service life for the bits. All bits are equipped with the Take it easy tool finder: The coloured band (colour indicates the screw profile) also carries a stamp with size information which makes it easy to find the right bit.

Festive packaging

The tool set is packaged in a Christmas-themed box, making it the perfect Christmas gift.

Ratchet functionality

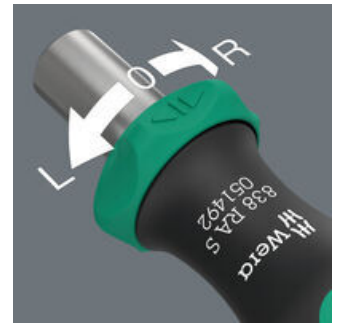

The integrated ratchet with fine toothing (36 teeth) and a return angle of 10° eases and accelerates screwdriving without having to reposition the tool.

Rapid screwdriving

The ratchet mechanism also allows fast "spinning" while screwdriving.

Changing ratchet direction

Ergonomic design of the reverse direction switch.

Ratchet mechanism in the handle

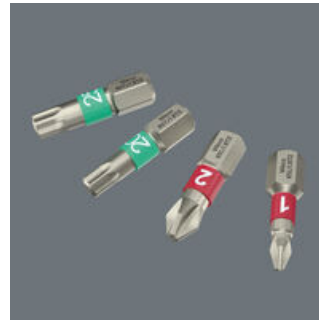

The integrated ratchet with fine toothing ensures fast and safe working. The ratchet mechanism is completely embedded in the handle. Thanks to the small size of the handle the ratchet can even be used in constricted screwdriving situations.

Magnetic bit holder

The bit mounting is suitable for bits with 1/4" external hexagon drive. The integrated strong permanent magnet holds the bits firmly.

BiTorsion Bits

BiTorsion bits are absolutely premium products. They have a softer BiTorsion zone which reduces the hardness of the shaft by about 20 % in comparison to the drive tip. This means that the peak loads that cause bit breakage and premature wear are absorbed in this zone - something which enhances the service life of the bits.

838 RA S/4 Christmas 2025 (in a counter display), 5 pieces

Tools as a Christmas present 2025

Set contents:

838 RA S Bit-holding handle with ratchet functionality, 1/4", 1/4" x 102 mm

05051492001

1x 1/4" x 102 mm

851/1 BTZ bits, PH 1 x 25 mm

05056420001

1x PH 1 x 25 mm

05056422001

1x PH 2 x 25 mm

867/1 BTZ TORX® bits, TX 20 x 25 mm

05066124001

1x TX 20 x 25 mm

05066126001

1x TX 25 x 25 mm

Delivered in packs of 10 in an attractive counter display.
